

Chance 2 Advance programme a sterling success

The Chance 2 Advance programme drew to a close last week and, judging by the attendance and feedback, has been a sterling success.

Here's a picture gallery of some of the highlights.

The disability sensitisation workshop equipped individuals with skills and an understanding of what disability entails

Beating the spiralling food costs by learning to create an organic food garden

Explore the universe: an introduction to astronomy took students on a journey that was out of this world

Career planning workshop on making sound decisions which lead to great achievements in the working world

Youth from Diepsloot who hired a taxi just to attend one of the C2A workshops after hearing about the benefits from friends

Dr Sarojini Nadar of UKZN sharing her own tragic life experiences and teaching others how to use theirs optimally and rise above challenges
