Dear Mosima,

I was hoping that Mr Jara would attach the form to his response to you. As far as I know the form that you need is a DSAR09. Let me know if you can't find it on the website.

Regards,
Linda

Subject: STUDENT 57167222

To who it may concern:

I am a student at the College of Science, Engineering & Technology – Civil Engineering department.

S7167222.

My main challenge in all my years of study has always been finances and stable work to be able to complete my studies.
Finally I have managed to attain those two things in my life now, I have a stable job that has offered me a bursary to study in the year 2019 until I complete my qualification and a study program to assist me work, manage and study at the same time.

I have unfortunately failed to meet the minimum pass score credits in the year 2018 due to my performance, adaptation & understanding of the UNISA system in the first semester and second semester due to lack of funds to re-register. I would like to appeal to the Chancellor of Engineering to please allow me the opportunity to continue with my studies in this year of 2019 - first semester.

I would also like to enquire/find out if I can continue in this course as I have been trying to attempt the course since 2014. I see Unisa says they grant an individual 8 years to complete the course and am on the 6th year of trying at First year level; if not what is the procedure to apply for extension?

History of study has been as listed below:
2015 - attempted 3 modules and failed them all – accommodative work career in construction as a supervisor.
2016 – certificate in PPOM to reinstate my studies
2017 – Jan/Feb wrote exams for PPOM and passed it – received certificate late in the year
2018 – re-register 3 same modules – first semester passed 1/ failed 1/ sub 1 – second semester passed 1
2019 – blocked. Appealing for a reinstatement into the study faculty.

With the support ahead of me.

Your response in this regard will be highly appreciated.

Yours kindly,
Mosima Makgato
