THE IMPORTANCE OF SUBMITTING COMPULSORY ASSIGNMENTS IN YOUR ACADEMIC JOURNEY

Student Retention Unit invites all undergraduate students to attend the workshop about the importance of submitting compulsory assignments.

We have identified that there is a cohort of students who do not submit their compulsory assignments which does not make them to enter examination. Their non- submissions affect their modules pass rate.

The aim of the workshop is to provide you with an opportunity to look at various strategies on how to approach and submit your compulsory assignments.
