

## SADESMO UNISA MANUFASTO

Students, I greet you all.

It is a pleasure for us as the South African Democratic Students Movement [SADESMO] to present you with a list of challenges that we plan to address once we have won the election.

This election presents us all with a clear choice. It is a choice between continuing things the way they have always been done or electing leaders who can bring fresh ideas and perspectives.

We believe that our experience and personalities will help us offer new ideas. Above all, We believe our most important job will be to listen to you and to communicate with you regularly.

This time we are asking for your vote. Here are a few ideas we believe we can achieve together:

- Registration must be finalised immediately for all students who are funded by NSFAS and those who're not (self payers).
- All NSFAS beneficiary must receive their allowance on the same date
- Due to the COVID 19 our institution decided to change our exam venue to be an Online Examination but there system is failing us, so we highly recommend them to review this

issue, but if they can't resolve it they must bring us back to venue based( The Lockdown regulations must be observed).

- All students who were doing HC must be given offers first semester before the closing date of registration.
- NSFAS non-beneficiaries must be served in honourable manner.
- Our students has failed because of an inconvenience caused by UNISA assessment system, we argue for those students to be given second chance of supplementary examination. Marking system in our institution keep holding us back because some of our papers are not being marked in a professional manner so University must take actions against it.

As you can see, the future depends on our ability to work together. Cooperation and teamwork will get us far. If you elect us as your battlers, we vow to lead with openness and honesty.

We'll lead with your best interests in mind. SADESMO is willing to hear all ideas of from our students which shall contribute in making our school better.

We know voting for someone requires a lot of trust. We're willing to work hard every day to earn your trust. We humbly ask your vote together we can achieve great things and bring change.
