

TOTAL PROJECT COST MANAGEMENT

2022 INTAKE

TUITION FEES R63 720*

ABOUT THE PROGRAMME

The aim of the Total Project Cost Management (TPCM) programme is to develop total cost management skills within the project management environment. The focus is on integrating project management, resource management and management accounting. Using the skills and knowledge gained, participants should be in a position to manage project costs and schedules efficiently and effectively, thus completing projects on time and on budget and avoiding cost, scope and scheduling overruns. The programme emphasises the integration of resource management, project management and management accounting, which differentiates it in the training marketplace.

WHO SHOULD ATTEND?

In order to participate in TPCM you need to have successfully completed a Senior Certificate and at least three years' managerial experience.

Access to a computer and the Internet is a prerequisite.

WHAT ARE THE BENEFITS?

After completing this one year programme, project managers in the public and private sector with a minimum of three years' managerial experience, should be able to effectively execute projects in the organisation.
